

## NORTH CAROLINA - MD 31

**NORTH CAROLINA** is in the Southeastern region of the U.S.A. with a population of 9.6 million residents. Agriculture is an important industry with tobacco, soybeans, melons, and cotton being raised. One of the truly outstanding tourist attractions is the Outer Banks, which are a string of sandy islands between the Atlantic Ocean and the mainland. Raleigh is the capital. The Winston-Salem (Host) Lions Club, in 1922, became the first Lions Club to be chartered in the state.

2011 V

Note that the information along the outer rim of the 2011 V is identical to the information on the regular issue. However, the manufacturer used red as the background color rather than the authorized dark blue. By the time the mistake was noted, there were an unknown number of pins already distributed and could not be recalled.
